From The Desk of Director

It's universal truth that child is a boon of God. He stands for purity, innocence and unbound potentiality yet as parents and guardian we often fail to recognize the same in the hustle of earning bread and butter. If we realize this failure of ours and, taking correct measures let the child become fortunate by letting him come under the guidance of a true educator where he is not only a 'roll number' but an individual who is not devoid of intelligence & wisdom like other brilliant students if we enhance his capability by breaking the traditional barrier of judging him through a report card, the day is not far away when he will grow into an individual with a strong vision and mission of life, he will feel free to make a right choice and opt for a profession that is socially and economically relevant B.D. Global Academy is such a choice that certainly will reveal the true potential of everyone whosoever becomes a part of it. I am hopeful that entire district will feel proud of the best centre of providing English Medium Education that has been established with a commitment of giving the best to the society and not merely make loads of profit. We've stepped in with a purpose to make a difference because We believe "To make a difference in someone's life you don't have to be brilliant, rich, beautiful or perfect. You just have to care enough and be there.
